Continuing Nursing Education (CNE) Webinar 2021

Understanding Antimicrobial Resistance (AMR)

2 November 2021 | Tuesday | 2 – 4 PM |

Webinar on Zoom | CPE points will be awarded*

Moderator: Ms Ong Siew Chen, Nurse Educator, Tan Tock Seng Hospital

Understanding Antimicrobial Resistance (AMR)

Dr Jasmine Chung, Consultant, SGH

Dr Jasmine Chung is a Consultant with the Department of Infectious Diseases at Singapore General Hospital (SGH) and heads the Antimicrobial Stewardship (ASP) team at SGH. Dr Chung is also a member of the Infectious Diseases Society of America (IDSA) and the Singapore Infectious Diseases Society (SIDS).

In her talk, Dr Chung will be introducing the science behind antimicrobial resistance (AMR) and the importance of preventing the spread of AMR.

What is Antimicrobial Stewardship (ASP)?

Ms Lee Siok Ying, Principal Clinical Pharmacist, KTPH

Ms Lee Siok Ying is the Principal Clinical Pharmacist at Khoo Teck Puat Hospital (KTPH). Ms Lee is a board-certified pharmacotherapy specialist and holds a Masters in Infectious Disease.

She has a keen interest in antimicrobial stewardship (ASP) and will be introducing the features of ASP, its functions and its role in the prevention of the spread of antimicrobial resistance (AMR).

** Participants will be required to submit your professional registration number at the end of the webinar to receive CPE points.*

Continuing Nursing Education (CNE) Webinar 2021

Understanding Antimicrobial Resistance (AMR)

2 November 2021 | Tuesday | 2 – 4 PM |

Webinar on Zoom | CPE points will be awarded*

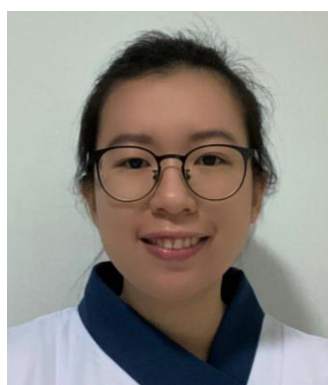

Moderator: Ms Ong Siew Chen, Nurse Educator, Tan Tock Seng Hospital

Infection Prevention in Bedside Nursing *SSN Lucius Tan Ren Jie & SSN Tan Wei Qi, NCID*
