

# Primary Care Forum 2020: Management of Common Infections – Antibiotic Prescribing & Vaccination

**7 November & 21 November 2020 | Saturday |  
2 – 3.30 PM | Webinar on Zoom**

## About the webinar

Antimicrobial resistance (AMR) is a serious threat to global public health, as it threatens the effective prevention and treatment of an ever increasing range of infections.

Hear from experts over two sessions, on how best to manage infections, decrease antimicrobial use and tackle AMR.

## Topics:

### 7 November 2020 (Sat)

- Management of Respiratory Tract Infections  
**Dr Louisa Sun, AH & NUH**
- Increasing Vaccination and Reducing Antimicrobial Use  
**A/Prof Lim Poh Lian, TTSH & NCID**

### 21 November 2020 (Sat)

- Common Paediatric Infections  
**Dr Li Jiahui, KKH**
- Antibiotic Prescribing and Patient Satisfaction  
**Dr Mark Ng, SHP**

# Primary Care Forum 2020: Management of Common Infections – Antibiotic Prescribing & Vaccination

**21 November 2020 | Saturday | 2 – 3.30PM**

Webinar on Zoom | CME/CPE points will be awarded\*

Moderator: Dr Choy Chiaw Yee, TTSH & NCID

## **Common Paediatric Infections – *Dr Li Jiahui, KKH***

Dr Li Jiahui is a Consultant with the Infectious Disease Service, Department of Paediatric Medicine in KK Women's and Children's Hospital.

In her talk, Dr Li will share on the management of common upper and lower respiratory tract infections, urinary tract infections, head and neck infections as well as febrile exanthems in the paediatric population.

## **Antibiotic Prescribing and Patient Satisfaction – *Dr Mark Ng, SHP***

Dr Ng Chung Wai Mark is a Senior Consultant with SingHealth Polyclinics. He is currently the Chair of the Infection Prevention and Infectious Diseases Committee at SingHealth Polyclinics and is also the Associate Program Director of the Singhealth Family Medicine Residency Program.

Dr Ng will share on the relationship between patient satisfaction and antibiotic prescribing, as well as management strategies applicable in the primary care setting.
